

§511.65

(4) A petition based on a certification by the Federal Trade Commission that modification of the civil penalty assessed is necessary to prevent a substantial lessening of competition must include a certified copy of:

(i) The application to the Federal Trade Commission for a certification under section 508(b)(4) of the Motor Vehicle Information and Cost Savings Act, Pub. L. 94-163, 89 Stat. 911 (15 U.S.C. 2008(b)(4)), and materials supporting the application.

(ii) The administrative record of any Federal Trade Commission proceeding held in regard to the application, and

(c) It is the policy of the National Highway Traffic Safety Administration that unconditional settlements of violations of average fuel economy standards are not in the public interest, and absent special and extraordinary circumstances, will not be allowed. All petitions for settlement shall contain a section proposing conditions for settlement. Conditions for settlement can be specific acts designed to lead to the reduction of automotive fuel consumption, which the petitioner is not otherwise required to perform pursuant to any statute, regulation, or administrative or judicial order, such as sponsoring public education programs, advertising, accelerating commercial application of technology, accelerating technology development programs, or making public the results of privately performed studies, surveys, or research activities.

§511.65 Public comment.

Notice and opportunity for comment are provided to the public in regard to settlements under this part. Subject to §511.66, notice of receipt of a petition for settlement is published in the FEDERAL REGISTER, and a copy of such petitions and any supporting information is placed in a public docket. Any settlement agreed to by the Administrator shall be placed in the public docket for 30 days so that interested persons may comment thereon. No settlement is binding until the completion of that thirty day period.

49 CFR Ch. V (10–1–12 Edition)

§511.66 Confidential business information.

The Administrator shall have authority to segregate from the public docket and to protect from public view information in support of a petition for settlement which has been determined to be confidential business information. The provisions of 15 U.S.C. 2005(d) pertaining to discretionary release by the Administrator of and to limited disclosure of information determined to be confidential business information shall apply to this section.

§511.67 Settlement order.

If, in accordance with this subpart, the Administrator allows a settlement of a case of violation of an average fuel economy standard, an order of settlement shall be issued, setting out the terms of the settlement, and containing a brief discussion of the factors underlying the exercise of the Administrator's discretion in allowing the settlement, including a discussion of comments received under §511.65. If the Administrator rejects a petition for settlement, the Administrator shall give written notice of the rejection and the reasons for the rejection to the parties and the Presiding Officer.
